

COLOSSAL 600mm 840 OPAL DIR WHITE SSA02  
2071177

Produkteigenschaften

• Runde, architektonische Leuchte mit einem Durchmesser von 600 mm, für Anbau- oder Pendelmontage geeignet. Pulverbeschichtetes Aluminiumgehäuse (RAL9016) mit opalem Polycarbonatdiffusor. Direkte Lichtverteilung, 5330 lm Lichtstrom, 39,7 W Systemleistung, 134 lm/W Systemeffizienz. Sylsmart Connected aktiviert. Farbwiedergabeindex Ra >80, 4.000 K neutralweiße LED, Farbtoleranz der MacAdam-Ellipse in 3 Stufen. IP40, IK03. 450 mA Antriebsstrom. Elektrische Schutzklasse 1, 220-240 V. Angegebene Lebensdauer 66.000 Stunden L90B10.

| Overall performance | 109.5         | 247.5                   | 1.68       |                          |                                              |

Technical Memorandum (TM) 66 describes a Circular Economy’s main aims, how it can be achieved and what it’s practice will mean to the different branches of our industry like specifiers, manufacturers, contractors, and Facilities Managers.

The Circular Economy Assement Method for Manufacturing (CEAM-Make)’s list of 66 searching questions, the majority of which askfor back-up evidence, is split into four sections :

- Product Design :  
Manufacturing :  
Materials :  
Ecosystem :
- Covering topics such as design for long life and repair  
Additive and subtractive techniques and localisation  
Usage of recyclable materials rather than virgin  
Repair or upgrade services to complement circular economy design

The outcome of the assement is a single figure rating by which product comparisons can be made. A TM66 score demonstrates a product’s performance in the context of a Circular Economy

CIBSE (2021) Circular Economy Assessment Method - Make TM66 Digital Tool beta version 22nd October 2021 (London : Chartered Institution of Building Services Engineers)
