

SylSpot Neos 400lm 830 IP44 3-PACK
0090084

Features

- Integrated LED accent spotlight with ultra-low profile of 30mm (35mm for IP65 version which comes with fast terminals) IP44 SylSpot is ideal for kitchens and living rooms with 30° tilt and 360° rotation which allows you to place light exactly where you want to The unique lens gives the product the highly desirable “halogen sparkle Products available in elegant white finish Cut-out of 68mm allows direct replacement of most halogen spots installed in the market Good colour rendering index, CRI>80 Lifetime: 15,000 hours at L70

CIBSE TM66

Result					
Category	Points Scored	Maximum possible points	Assessment	How to analyse the score	
Product design	33.0	134.0	1.0	0.0 to 0.5	Very poor circular economy performance
Manufacturing	17.1	46.5	1.5	0.5 to 1.5	Some circular economy functionality
Materials	4.0	24.0	0.7	1.5 to 2.5	Definite/substantial progress to circularity
Ecosystem	14.0	43.0	1.3	2.5 to 4.0	Excellent circularity
Overall performance	68.1	247.5	1.13		

Technical Memorandum (TM) 66 describes a Circular Economy’s main aims, how it can be achieved and what it’s practice will mean to the different branches of our industry like specifiers, manufacturers, contractors, and Facilities Managers.

The Circular Economy Assement Method for Manufacturing (CEAM-Make)’s list of 66 searching questions, the majority of which askfor back-up evidence, is split into four sections :

- Product Design : Covering topics such as design for long life and repair
- Manufacturing : Additive and subtractive techniques and localisation
- Materials : Usage of recyclable materials rather than virgin
- Ecosystem : Repair or upgrade services to complement circular economy design

The outcome of the assement is a single figure rating by which product comparisons can be made. A TM66 score demonstrates a product’s performance in the context of a Circular Economy
