

## OptiClip 1200 4000K C9 WH DALI WHITE **0044021**

## Caractéristiques de la gamme

• OPTICLIP 1200 4000K C9 WH DALI WHITE is a high efficacy low glare luminaire with replaceable light engines for office and education appalications. Ceiling recessed LED luminaire with white colour plastic optic, direct light distribution, luminaire dimensions: 1195x295x20mm, Sylvania White body colour (RAL9016), IP40 (from the front), IK07, DALI Dimmable, low LED flicker (+/-5%), Neutral White (4000K) LED Colour Temperature, 3250lm luminous flux, 29W power consumption, 112lm/W system efficacy, CRI>90, SDCM 3 (3-step MacAdam ellipse) LE...

## **CIBSE TM66**

	Result			
	Category	Points Scored	Maximum possible points	Assessment
	Product design	90	134.0	2.7
	Manufacturing	24.2	46.5	2.1
	Materials	6	24.0	1
ĺ	Ecosystem	34	43.0	3.2
ľ	Overall performance	154.2	247.5	2.25

How to analyse the score					
Very poor circular economy performance					
to 1.5 Some circular economy functionality					
Definite/substantial progress to circularity					
Excellent circularity					

Technical Memorandum (TM) 66 describes a Circular Economy's main aims, how it can be achieved and what it's practice will mean to the different branches of our industry like specifiers, manufacturers, contractors, and Facilities Managers.

The Circular Economy Assement Method for Manufacturing (CEAM-Make)'s list of 66 searching questions, the majority of which askfor back-up evidence, is split into four sections:

Product Design: Covering topics such as design for long life and repair

Manufacturing: Additive and subtractive techniques and localisation

Materials: Usage of recyclable materials rather than virgin

Ecosystem : Repair or upgrade services to complement circular economy design

The outcome of the assement is a single figure rating by which product comparisons can be made. A TM66 score demonstrates a product's performance in the context of a Circular Economy

CIBSE (2021) Circular Economy Assessment Method - Make TM66 Digital Tool beta version 22nd October 2021 (London: Chartered Institution of Building Services Engineers)
