OPTIX E 600 3L 26W 3550lm 830 BLA

2023606

Caractéristiques de la gamme

• OPTIX E 600 3L 26W 3550lm 830 BLA - luminaire encastré à haute efficacité et à faible éblouissement pour les applications tertiaires. Optique à très faible luminance en polycarbonate finition blanche dans une configuration à 3 lignes. Luminaire recouvrable de laine de verre ou isolant acoustique. Très faible scintillement <5%. Température de couleur (CCT) 3000K, IRC>80, consistance des couleurs SDCM<3. Flux lumineux sortant 3550 lm. Puissance consommée 26W. Efficacité lumineuse 137 lm/W. Maintien du flux de L80>107 500h. Eblouisseme...

CIBSE TM66

Result					
Category	Points Scored	Maximum possible points	Assessment	How to analyse the score	
Product design	76	134.0	2.3	0.0 to 0.5	Very poor circular economy performance
Manufacturing	23.4	46.5	2	0.5 to 1.5	Some circular economy functionality
Materials	7	24.0	1.2	1.5 to 2.5	Definite/substantial progress to circularity
Ecosystem	21	43.0	2	2.5 to 4.0	Excellent circularity
Overall performance	127.4	247.5	1.88		

Technical Memorandum (TM) 66 describes a Circular Economy's main aims, how it can be achieved and what its practice will mean to the different branches of our industry like specifiers, manufacturers, contractors, and Facilities Managers.

The Circular Economy Assessment Method for Manufacturing (CEAM-Make)'s list of 66 searching questions, the majority of which ask for back-up evidence, is split into four sections :

- Product Design : Covering topics such as design for long life and repair
- Manufacturing : Additive and subtractive techniques and localisation
- Materials : Usage of recyclable materials rather than virgin
- Ecosystem : Repair or upgrade services to complement circular economy design

The outcome of the assessment is a single figure rating by which product comparisons can be made. A TM66 score demonstrates a product's performance in the context of a Circular Economy

CIBSE (2021) Circular Economy Assessment Method - Make TM66 Digital Tool beta version 22nd October 2021 (London : Chartered Institution of Building Services Engineers)
